Read instructions completely prior to starting installation. All InDash Mounts are designed so that after installation, phone is facing normal driver position for left-hand drive vehicles. This mount is not designed to be used in foreign countries with right-hand drive vehicles. Use extreme care when working around the plastic components on the dash. Excess force, can cause breakage of the plastic components.

**STEP #1:** With Dash tool release the cover strip below the radio controls by prying out with dash tool releasing the clips. With the T25 Torx Driver remove the (2) exposed screws.

Removal of Cover Strip

**STEP #2:** Tilt up on the bottom of the radio control panel and airvents assembly, pulling out towards you to release the ( ) clips. There is a longer plastic clip at the top and (2) spring clips at the side. Lift off the assembly and set it up enough to get at the (2) T25 Torx screws above the climate control assembly. Remove these (2) screws.

(2) T-25 Torx Screws
