** ADVISEMENT **

Read instructions completely prior to starting installation. All InDash Mounts are designed so that after installation, phone is facing normal driver position for left-hand drive vehicles. This mount is not designed to be used in foreign countries with right-hand drive vehicles. Use extreme care when working around the plastic components on the dash. Excess force, can cause breakage of the plastic components.

STEP #1: With Dash tool remove the bezel around the Radio and goes to the passenger door. Start by pulling out with yor hands below the climate control to release (4) clips. Continue up and around releasing all clips carefully.

STEP #2: Remove the right side radio mounting screws: Pull out radio enough to get the InDash by PanaVise Mount under the lower right radio screw flange. Replace the (2) screws. Install the bottom screw last to make sure the mount is flush with the side of the dash, and that the joggle lines up with the dash edge.

STEP #3: Replace the bezel.

INSTALLATION IS NOW COMPLETE. ENJOY YOUR NEW INDASH by PANAVISE MOUNT.
